

**Federal Milk Order Reform Final Decision: Comparison of Class I Base Price and Class Prices to Current Pricing Provisions**

The Federal milk order reform Final Decision carried a table that compared class prices calculated under the current pricing provisions to those computed using the formulas in the Final Decision for the period January 1994 through December 1998. Listed below is this table updated for January 1999 to date. Please note that the Class I price mover section has been changed as described in the footnote. Also, as it was stated in the Final Decision, this price information is shown for informational purposes only and should not be interpreted as the actual prices that would have occurred had the new pricing provisions been in effect.

1/ In the Final Decision, these figures were shown for the month which contained the prices used to compute the applicable price mover; that is, for December 1998, the figures of \$17.34 and \$17.44 were derived from December product price information. However, because of advance pricing, the figures for December 1998 do not set the Class I prices for December 1998. On this table, the figures are shown for the month for which the Class I price is set. The Class I mover for January 1999 is the Basic Formula Price for November 1998. The Class I base price for January 1999 is the figure computed using December 1998 data.
